

Brian TUSTAIN

Chief Executive

Associated Vending Services

United Kingdom

Work Experience

- I have worked in the vending industry for 26 years, having joined Cadbury Schweppes in 1976, in 1977, I was employed as a vending ingredient Sales Manager for Cadbury Typhoo.

- With a 4 year absence from 1989 to 1993 when I owned and managed a VW/Audi main dealership until I came back into vending to run and develop AVS.

- I am known for my ability to chair and manage extremely successfully large meetings of vending entrepreneurs, panels and Conferences. I believe I understand the politics which exist in satisfying all the members of my Association but at the same time moving things forward. I am not a quiet man (!) and am used to speaking up for the industry for which I have a passion for.

- Chief Executive, Associated Vending Services Ltd, since 1993.

- Executive Committee Member at EVA.

(AVS is the UK's foremost Buying Group, representing 27 member independent vending operating companies across the UK)
